REMARKS

This is a response to the Office Action dated August 3, 2006. Claims 1-18 are pending in the application. Applicants' attorneys Scott Timmerman and Jim Katz spoke with Examiner Borlinghous on August 30, 2006. Examiner conducted an additional search in an electronic database and was unable to find anything that would prevent allowance of the claims except for provisional double patenting over U.S. Ser. No. 10/001,237 (4672/363). Accordingly, Applicants are filing a terminal disclaimer.

Applicants submit that all of the pending claims are in condition for allowance and notice to this effect is respectfully requested. The Examiner is invited to call the undersigned if it would expedite the prosecution of this application.

Respectfully submitted,

Date: September 28, 2006
